From: Laura Shafer, RNC, CWON  
President, Southeast Region of the WOCN® Society

Dear «badgeNameFirst»,

After multiple discussions, the SER Board hoped our nation's unprecedented pandemic situation would improve and we would continue to host our fall conference as planned. Unfortunately, the Board concluded, our current health situation remains unpredictable, and for the health and safety of our members, we must postpone the 2020 Conference scheduled for September 24-26, 2020, in Orlando, Florida. Our conference will be rescheduled for August 26-28, 2021. We will continue to have a wonderful pre-con on Fistula Management and 13 additional wonderful speakers.

Your registration and Credit Memo payment will automatically roll over to next year.

We apologize for any inconveniences this may have caused for those who have wanted to attend conference. The Board wishes all our members to stay healthy and safe.

We really appreciate all your hard work and dedication to your patients.

Sincerely,

*Laura Shafer*
