Love Dorothy! Always enjoy her presentations.

great review of material

Can never say enough about this presenter! Dorothy is such a classic instructor. Her witty examples have gotten me through many hours of on line classes. She brings life to any topic she discusses.

Always enjoy listening to Dorothy

any Dorothy Doughty presentation is worth it's weight in gold, always learn so much

factors effecting normal bowel function and adnormal were identified, types of chronic FI, patient interviews and intervention and follow-up, goals and containment options.

Dorothy knows her stuff! Great presentation!

Each time I hear Dorothy Doughty speak about WOC Nursing it makes me more confident in speaking with my patients, family and co-workers about these issues where we concentrate our passion for nursing practice!!! THANK YOU Dorothy!!!

Informative and engaging.

Exceptional speaker making topic interesting and fun as well as relevant to everyday practice and life!

Thank you for sharing your expertise with us.

Great speaker as always.

your sense of humor make a stinky subject smell great.

any presentation by this excellent speaker will be understood well

When you have a dynamic speaker like Dorothy, you just cannot wait to hear more. I had never hear her speak before but knew her reputation and she was fantastic! Anyone who makes fecal incontinence fun and enjoyable, it was Dorothy. She is so right. No o

Good presentation

As usual, Dorothy Doughty informs as well as entertains her audience about a very serious subject. I could write an essay on how much this woman means to all WOC nurses. No one can ever replace her intelligence and wit wrapped up into one person. So much

Thank you for sharing your expertise with us.

Always such a treat to hear Dorothy present. Perfect balance of subject expertise and nursing humor!

AS always excellent speaker

great review of material

Could listen to her all day long.

Ms. Doughty always presents with such clarity, brings topic to life

Excellent information and presentation!

Dorothy is always good

Dorothy is always the greatest

nothing new. good review. remembrance of wocn classes years ago

As always, Dorothy is a top notch speaker!!!!

Entertaining presentation

Learned to ask patients the 4 questions in assessment. Great information.

Good lecture as always by Dorothy. As she mentioned it is good information to know because we have family members who are affected, even if we do not work as outpatient continence nurses. Like the reminder not to call disposable undergarments diapers but

Love...love...love this speaker

Always a joy to see Dorothy speak. A fabulous teacher

Of course Dorothy was excellent as always. Always a treat to hear her presentations. I do not remember learning before that the perfect stool diameter is 2 cm. Always learn something new

Clear and concise session

Love to hear Dorothy speak. She is very knowledgeable and presents in an effective way. Such a great role model.

Most excellent. One of the best sessions.

the best educator ever!!

Excellent!!

Good review. Always love to hear Dorothy!!!

I appreciated the emphasis on the patient interview - especially impact on life and patient goals.

Dorothy is a great speaker and is very knowledgeable in her field. I enjoyed her topic and learned a lot about managing fecal incontinence and why this occurs in different populations.
