I thoroughly enjoyed this presentation. It was a much needed topic and one that we should continue to challenge our colleagues with. Our value is greatly underrepresented, no matter where I consult in the world. I would love to change this.

Thank you for reminding us we need to stand out.

Always an inspiration

Great presenter. Thank you for showing us how to brand and make ourselves more valuable!

thank you for your inspiration dr Jeter

Great presenter.

Great ending!

Ms. Jeter's enthusiasm is contagious and she was an awesome way to start and conclude the conference.

Great presenter and ending to our meeting.

Very motivational. Made me realize the value of my certification.

Most enjoyable speaker at conference

Love the passion.

SUPER inspiring!

Excellent speaker. Feeling as a more valuable player.

excellent

Great motivation to return to your facility and re-emphasize your worth.

Again...dynamic and thought provoking...gave us a boost!!!

she had overall greatest impact on conference wish more speaker were as dynamic

Thank you, thank you, thank you!!! I cannot say enough about your contribution(s) to our conference. I wish more people had stayed to hear this closing.

Interesting ideas!!

I was honor to hear Katherine speak. Good points about proving our value and making our worth known.

She is valuable.

Great ending!

She is a remarkable lady

Good information

Again she was very energetic. I felt excited for the future and all the possibilities ahead that I can do. I realized I am limited in my current job with all of the knowledge that I have.

I love Katherine Jeter's realness. Calling us as nurses to be proud to be WOC nurses! To have a presence and impact in our hospitals and or our current practice.

On the first day back from this conference I copied my CEO on an email to my CNO (my boss) to "remind" him of my usefulness to our facility! I am more quick to assert myself to others. So thankful for Dr. Jeter's example.

AWESOME!

best speaker overall

Another dynamic speaker, who is inspiring, knowledgeable, enthusiastic! She emphasized that as a WOC nurse you want to be available, affable, and show you know something!

What a treasure Katherine is! The wisdom and knowledge and encouragement she gives is priceless. I will count it as one of my great experiences to have actually met her. She is passionate, energetic and her exuberance is infectious. Thank you, Katherine!!

Enlightening...often we blame others for not sending referrals but it is our responsibility to make sure we let others know we are available.

Katherine is so perfect for this! Reinforces the value of interaction and integration with patients and multi disciplinary teams. Excellent

I think as WOC Nurses, we need to show how valuable we are to our facilities & agencies. We need to show how we improve patient outcomes through decreased length of stays & decreased re-admissions. It would be helpful if a WOC Nurse or panel of nurses could
